Explore the dungeon until you can find a scarab idol or magic potion and maybe we can gain some bonus cards. Once you finish exploring the dungeon, send your strongest heroes attack the boss in the boss arena. If you win the battle, the monster will lose its power. Even if you loss the battle, you can send your heroes back to the dungeon to explore the new traps and monsters. If the monster loses its power, it will be dead, destroy it and gain the artifact cards. Repeat this process to improve the monster and the heroes stats. This process will be repeated, every time you win, the monsters will become stronger and stronger. So your heroes have to work harder than before.
