Sahand (39) was operated on by a specialist in the limbic system at the National Hospital. The only difference, the PDU said, is that the patient had suffered an injury to the same area, but several years earlier. The patient was a 37-year-old taxi driver who was on a return trip from a club when he was attacked by a group of thugs, one of whom struck him in the back of the head with a brick. ★ One Last Thing \* We are a participant in the Amazon Services LLC Associates Program, an affiliate advertising program designed to provide a means for us to earn fees by linking to Amazon.com and affiliated sites.
