Craigslist made easy, but now selling sex is harder. I managed to tag 75 of the ads on Wiginton over the past two weeks. In that time period, there were 60 offers to sell sex and 18 offers to buy sex. The newest craigslist app for Android puts a little bit of a damper on that trend. In an interview with Re/code, Craig Newmark, the founder of Craigslist, said he didn't know if the app was the beginning of a trend or the end of an era. The closest thing to a general rule for Craigslist's declining sex ads is that the service is moving to be "sex in a closet. Back in the day, guys would advertise for sex in various DOW and".
