Table Header, Column 1, Column 2, Column 3, Column 4, Column 5. trello.com/c/Sim5PxV2/36-econtrol-form-designer-pro-v2-10-for-delphi-bcb -full-sourcerar -release.jpg Table header, Column 1, Column 2, Column 3, Column 4, Column 5. In principle, it does not matter what the form is called - you can make any. The only important thing is that it should be framed like all the others. It should have a heading, it should have empty fields. The main thing is that this form should be similar to the others. I am attaching a design and an example of the form that needs to be done. Design and example for comparison. 1. This should be on form 2. For comparison, an example of what has already been done. one. 2.
