What's New in the EM Client?

Sticky is designed to help you play and store your favorite Flash games on your iPhone, iPod Touch, or iPad. Sticky Pick offers a clean and user-friendly interface, with just a few clicks you can install any game you want. Most games aren't allowed to download on iPhone, due to the Apple policy. But, Sticky Pick has got the option to connect to games like Facebook game, Angry Birds, Flappy Birds and any other game you want to play. These games aren't in the App store, so you cannot use the official method to download the game, using iTunes. To use Sticky Pick, you need to download the game from the developers website and install it manually. Features: Sticky app is designed for both Mac and Windows, as well as iPhone, iPod Touch, and iPad. It offers you a clean interface and support for game play of popular flash games like Flappy Birds, Angry Birds, Planet Sketch and many more.
